Looks great!!

Add your 1-800 number to the report at the top and w/ your header/logo.

EPA is excited that Dr. Seifert and the Poison Center will support.

Let me know when ready, and I will share with EPA and ATSDR HDQRT.

Patrick

Here is a draft approved at our end. I am waiting from DOH to tell us how they want this distributed and to hear from the other 3 states to see if they want to add their data. I'd love your comments.

Patrick

Dr Seifert is going to represent us in Farmington tonight and tomorrow night. I have an event tomorrow night that I cannot miss. I created the first situation report and will send it to you once it has been reviewed by the powers that be.
